Chlorthalidone, in hypertension, compared with xipamide — — — — — — — — — —	247
Cimetidine, effect on gastric acid secretion, compared with ranitidine, prostaglandins and trithiazine — — — — — — — — — —	516
Clobetasone, skin atrophy effects, compared with fluocortin and hydrocortisone — — — — — — — — — —	463
Clomipramine, in depression, compared with amineptine — — — — — — — — — —	234
Clophenithol, in chronic schizophrenia — — — — — — — — — —	205
Clotrimazole, in vaginal candidiasis, compared with econazole — — — — — — — — — —	55
Contraceptives, oral, effect on sex hormone binding globulin and caeruloplasmin — — — — — — — — — —	185
Cyclopenthiiazide, combined with oxprenolol, effects on lipids — — — — — — — — — —	101
Debrisoquine, in hypertension, compared with mefruside — — — — — — — — — —	68
Dermatological agents, benzoyl peroxide — — — — — — — — — —	370
—, clobetasone — — — — — — — — — —	463
—, dithranol/urea — — — — — — — — — —	649
—, fluocortin — — — — — — — — — —	463
—, hydrocortisone — — — — — — — — — —	463
Dextropropoxyphene plus paracetamol, compared with mefenamic acid, in post-injury pain — — — — — — — — — —	77

	Page
Diazepam, effect on methohexitone anaesthesia — — — — —	171
Disopyramide, in arrhythmia — — — — —	215
Dithranol, combined with urea, compared with coal tar in psoriasis — — — — —	649
Diuretics, bendroflumazide/timolol combination — — — — —	47, 268
—, chlorthalidone — — — — —	247
—, cyclopenthiiazide/oxprenolol combination — — — — —	101
—, hydrochlorothiazide/acebutolol combination — — — — —	526
—, hydrochlorothiazide/metoprolol combination — — — — —	536
—, spironolactone — — — — —	131
—, xipamide — — — — —	247
Econazole, in vaginal candidiasis, compared with clotrimazole — — — — —	55
Epicillin, combined with probenecid, in gonorrhoea — — — — —	1
Erythromycin, bactericidal activity in the respiratory system — — — — —	429
Ethinyl oestradiol, effect on sex hormone binding globulin and caeruloplasmin — — — — —	185
Fenoterol, in asthma, compared with salbutamol — — — — —	349
Flupenthixol, in depression — — — — —	543
Flucortin, skin atrophy effects, compared with clobetasone and hydrocortisone — — — — —	463
Flurbiprofen, in rheumatoid arthritis, compared with aspirin — — — — —	418
Glibenclamide, combined with metformin or phenformin, metabolic effects — — — — —	677
Glucametacin, in rheumatoid arthritis — — — — —	227
Glucosamine, in osteoarthritis — — — — —	104, 110
Guanfacine, in hypertension — — — — —	569, 631
Hydrochlorothiazide/acebutolol combination, in hypertension — — — — —	526
Hydrochlorothiazide/metoprolol combination, in hypertension — — — — —	536
Hydrocortisone, skin atrophy effects, compared with clobetasone and flucortin — — — — —	463
Hyoscine butylbromide, as premedication for endoscopy, compared with rolicerine — — — — —	73
Ibuprofen, combined with naproxen and indomethacin, in rheumatoid arthritis — — — — —	38
—, in osteoarthritis — — — — —	610
—, —, compared with sulindac — — — — —	482
—, —, in post-episiotomy pain — — — — —	423
Indomethacin, combined with naproxen and ibuprofen, in rheumatoid arthritis — — — — —	38
—, in osteoarthritis, compared with tolmetin — — — — —	115
Iron poly (sorbitol-gluconic acid) complex, effect on urinary cellular excretion — — — — —	264
Lormetazepam, in resistant insomnia — — — — —	598
Mecillinam, <i>in vitro</i> activity, compared with ampicillin and cephalosporins — — — — —	96
—, parenteral, in respiratory and urinary infections, combined with amoxycillin — — — — —	137
Metenamic acid, in post-injury pain, compared with dextropropoxyphene plus paracetamol — — — — —	77
Mefruside, in hypertension, compared with debrisoquine — — — — —	68
Metformin, combined with glibenclamide, metabolic effects in diabetics — — — — —	677
Methohexitone anaesthesia, effect of diazepam — — — — —	171
Metoprolol, in hypertension — — — — —	85, 503
Metoprolol/hydrochlorothiazide combination, in hypertension — — — — —	536
Mianserin, in depression, compared with amitriptyline — — — — —	14
Morphine, in post-operative pain, compared with nefopam, pentazocine and pethidine — — — — —	580
Nadolol, in hyperthyroidism, effect on heart rate — — — — —	212
Nafidrofuryl, in severe ischaemia — — — — —	690
Naproxen, in ankylosing spondylitis, compared with tolmetin — — — — —	670
—, in osteoarthritis, compared with tolmetin — — — — —	392
—, in rheumatoid arthritis, compared with tiaprofenic acid — — — — —	605
—, sodium, in rheumatoid arthritis, compared with aspirin — — — — —	471
—, suppositories, in combination with oral naproxen, indomethacin or ibuprofen — — — — —	38
Nefopam, in post-operative pain, compared with morphine, pentazocine and pethidine — — — — —	580
Norgestrel, effect on sex hormone binding globulin and caeruloplasmin — — — — —	185
Oxazepam, in anxiety associated with depression — — — — —	156
Oxprenolol, combined with cyclopenthiiazide, effects on lipids — — — — —	101
—, effect on renin and cardiovascular complications — — — — —	443
Oxyfedrine, in coronary disease, echocardiographic evaluation — — — — —	241

	Page
Pentazocine, in post-operative pain, compared with nefopam, morphine and pethidine	580
Pentoxifylline, effect on red cell deformability	352, 520
—, in atherosclerosis	142
—, in cerebrovascular disease	253
Pethidine, in post-operative pain, compared with nefopam, morphine and pentazocine	580
Phenformin, effect of withdrawal on metabolism in diabetics	677
—, combined with glibenclamide, metabolic effects in diabetics	684
Physiotherapy, in shoulder-cuff lesions, compared with tolmetin and acupuncture	121
Pindolol, effect on intra-ocular pressure	550
—, —, —, renin and cardiovascular complications	443
Pivmecillinam, in lower urinary tract infections	563
Prazosin, combined with beta-blockers and diuretics, in hypertension	28
Probenecid, combined with epicillin and cephadrine, in gonorrhoea	1
Proglumide, effect on serum gastrin and gastric secretion	658
Propranolol, effect on lower oesophageal sphincter	91
—, —, —, psychomotor performance, compared with acebutolol	33
—, —, —, renin and cardiovascular complications	443
Prostaglandins, effect on gastric acid secretion, compared with cimetidine, ranitidine and trithiozine	516
Ranitidine, in cimetidine-resistant peptic ulcer	523
—, effect on gastric acid secretion, compared with cimetidine, prostaglandins and trithiozine	516
Rociverine, as premedication for endoscopy, compared with hyoscine butylbromide	73
Salbutamol, in asthma, compared with fenoterol	349
—, cardiovascular effects	410
—, combined with aminophylline or used alone, in obstructive airways disease	23
Sigma SR, effect of non-steroidal anti-inflammatory agents	192
Sodium meclofenamate, in rheumatoid arthritis	359
—, —, —, compared with aspirin	384
Sotalol, effect on renin and cardiovascular complications	443
Spironolactone, in congestive heart failure	131
Sulindac, in osteoarthritis, compared with ibuprofen	482
Sulphinpyrazone, in myocardial infarction	440
Theophylline, in asthma, pulmonary function, plasma and saliva levels	624
Thrombin, topical, in wound haematoma	458
Tiaprofenic acid, in rheumatoid arthritis, compared with naproxen	605
Timolol, effect on renin and cardiovascular complications	443
Timolol/bendrofluazide combination, in hypertension	47, 268
Tizanidine, in multiple sclerosis, compared with baclofen	374
Tolmetin, in ankylosing spondylitis, compared with naproxen	670
—, in osteoarthritis, compared with aloxiprin	127
—, —, —, indomethacin	115
—, —, —, naproxen	392
—, in rheumatoid arthritis, compared with phenylbutazone	127
—, in shoulder-cuff lesions, compared with acupuncture and physiotherapy	121
Trithiozine, effect on gastric acid secretion, compared with cimetidine, prostaglandins and ranitidine	516
Vitamin D, role in hypoparathyroidism	316
—, role in osteomalacia	294, 316
—, role in post-menopausal osteoporosis	279, 337
—, role in renal osteodystrophy	279
Xipamide, in hypertension, compared with chlorthalidone	247
Zomepirac, in moderate to severe pain	553

Special Issue

New prospects in metabolic bone disease	279-348
---	---------

Supplements to Volume 7

Supplement No. 1. Clinical medicine in the elderly

	Suppl. page
Introduction. <i>J. L. C. Dall</i>	3
The elderly patient and multiple disease. <i>A. N. Exton-Smith</i>	5
Parkinsonism in the elderly. <i>M. Hildick-Smith</i>	14
Glaucoma screening in the elderly. <i>Roger A. Hitchings</i>	23
Mobility in the elderly: the problems of arthritis. <i>V. Wright</i>	28
Symptomatic osteoarthritis in the elderly: a comparative study of sulindac and ibuprofen. <i>A. K. Ghosh and A. K. Rastogi</i>	33
Osteoarthritis and non-steroidal anti-inflammatory drugs: a multi-centre comparative study. <i>M. S. J. Pathy</i>	41
Hypertension in the elderly: an overview. <i>K. O'Malley, W. O'Callaghan and E. T. O'Brien</i>	53
Methyldopa in the elderly hypertensive. <i>J. P. R. MacFarlane</i>	63
Secondary prevention of myocardial infarction in the elderly. <i>Arne M. Abrahamsen, Torstein Gundersen and Per Ronnevik</i>	68
The relationship between serum potassium and cardiac arrhythmias following cardiac infarction in patients aged over 65 years. <i>S. R. Reuben and R. D. Thomas.</i>	79
The arrhythmic danger of hypokalaemia. <i>S. K. Rao</i>	83
Body fluid, electrolytes and diuretics. <i>S. T. McCarthy</i>	87
Gastroscopy in elderly patients. <i>G. Bianchi Porro, M. Lazzaroni and Maddalena Petrillo</i>	96

Supplement No. 2. Care of the skin through the seven ages of man

	Suppl. page
Introduction. <i>Norman Brudney</i>	3
Why care for skin? <i>John Ebling</i>	5
Infant skin care. <i>J. H. Saurat</i>	10
Skin care in childhood. <i>P. Agache, S. Makki, D. Blanc, S. Coustans and D. Michaleat</i>	15
Skin surface lipid composition in different age groups in infancy and childhood. <i>F. Serri, G. Fabrizi and S. Urbani</i>	23
Some observations on stratum corneum. <i>E. Christophers</i>	26
A paediatrician's view of the newborn baby and its epidermis. <i>C. Eric Stroud</i>	29
Skin care and incidence of skin disease in adolescence. <i>John S. Strauss</i>	33
The resolution of acne in the young adult. <i>W. J. Cunliffe</i>	46
The effects of heat and sun on the skin of the teenager and young adult. <i>J. Meynadier, B. R. Djian and J. L. Peyron</i>	55
The evolution of cleansing and antimicrobial care of the skin. <i>S. Setwyn</i>	61
The normal flora of different sites in the young adult. <i>R. Marples</i>	67
Adult skin care — a look to the future. <i>Hans Rossman</i>	71
Mature thoughts on the mature skin. <i>Sam Shuster</i>	75
The skin and its care in the later years of life. <i>Gerd Plewig</i>	83
Water content and moisture-binding capacity of some types of human soft and hard horn. <i>B. A. Turek, M. Vieu, M. Leduc, I. M. Nadvornik and E. Jedla</i>	87
The environment and the skin — treatment and trends. <i>R. Marks</i>	91
Nail care in the 'golden years' of life. <i>Robert Baran</i>	95
